- A personal (rather than employment) email address is preferred.

**SECTION A (ii) – Citizenship**

- Candidates (**who are successful at shortlisting**) are requested to indicate if they hold European Union (EU) citizenship. The provisions of the Employment Equality Act, 1998 will apply when offering placements to successful candidates.
- In order to comply with national policy relating to the recruitment, training, retention and development of specialist medical practitioners, it has been determined that the following process will apply to the recruitment and selection of new specialist trainees:
  1. Available specialist training places will be allocated by the College of Psychiatrists of Ireland in the first instance to those candidates who at the time of application are citizens of Ireland or nationals of another Member State of the European Union.
  2. All such appointments will be made in order of merit, and are subject to the applicant meeting the conditions and standards prescribed by the College of Psychiatrists of Ireland.

All required evidence must be valid at the time of application.

## SECTION B – English Language Proficiency Requirements

*The following is per HR Circular 022/2018 re English language requirements for NCHDs – in place of those in HSE HR Circular 006/2016:*

The ability to communicate clearly with patients and colleagues is a key requirement for all healthcare professionals.

Proficiency in the English language is therefore a core competency for NCHDs working in the Irish public health service.

Under Section 6 ‘Standard duties and responsibilities’ of NCHD Contract 2010, NCHDs are required to be able to communicate effectively with patients and clients; and comply with statutory and regulatory requirements, corporate policies and procedures and human resource policies and procedures.

### **Requirement for all NCHDs:**

The English language requirements for NCHDs are universally applicable. There is no distinction between training, non-training, intern or any other category or grouping.

In this context, all NCHDs taking up employment with the HSE who were **not** registered with the Irish Medical Council in any of the divisions of the Register of Medical Practitioners prior to 1<sup>st</sup> January 2015, or who did **not** complete the entirety of their under-graduate medical training in the Republic of Ireland, are required to provide evidence of one of the following:

- Completion of their Medical degree in English from any of the following countries: Australia, Canada, New Zealand, The United States of America or The United Kingdom. A copy of their Degree Certificate is the required evidence.

**OR**

- English Language Tests: The doctor may submit a certificate of test results from either the International English Language Testing System (IELTS) **or** Occupational English Test (OET).

Please refer to the table below for the **minimum levels** in each of the tests that are accepted by the HSE:

<b>IELTS</b>	<b>Minimum scores</b>
Listening	6.5
Reading	6.5
Writing	6.5
Speaking	6.5
Overall	7.0
<b>OET</b>	<b>Minimum Grade</b>
Listening	B
Reading	B
Writing	B
Speaking	B
Overall	B

**Please note that:**

- IELTS/OET test results must be current and dated within two years of the date submitted to the employer, however IELTS/OET test results for those applying for national Training Programmes must be current and dated within two years of the date of application for the particular Training Programme.
- Test results cannot be combined. The HSE will only accept one test result.
- The NCHDs communication skills must be independently assessed, by employer or training body, as part of the application and interview process, before the NCHD is recommended for appointment or contract of employment issued (excludes Interns).
- Potential applicants must be informed of these requirements as part of the recruitment process.

**There are no exemptions to the above requirements.**

**Remedial Action:**

Should the NCHD at any point not be able to demonstrate the required level of English language competency set out in Section 6 of the NCHD Contract 2010, the Employer may wish to consider remedial or other action under NCHD Contract 2010.

All applicants are required **at the time of application** to demonstrate to the College of Psychiatrists of Ireland their English Language competency either by means of submitting the required IELTS/OET Certificate documentation or by declaring themselves exempt under one of the above parameters and providing the required documentary evidence of same.

**SECTION C (i) – Rank order of Deaneries applied for**

- Indicate how many, and which of the Deaneries you are applying for.
- **Please rank all Deaneries for which you wish your application to be considered.**
- Rank those Deaneries in order of your preference (e.g. 1 = first preference, 2 = second preference etc) **DOUBLE RANKINGS CANNOT BE ACCEPTED.** There can only be one first choice, one second choice etc.
- You should consider carefully the order of your preferences – they, together with performance at interview, determine the Deanery to which each successful candidate is allocated.
- At the end of the matching process each applicant has been matched to the most preferred choice possible (taking into account the applicant's rank order of Deaneries and the Deanery's rank order of applicants), or the candidate is not successful as the choices submitted by him/her have been filled by candidates more preferred by the Deaneries in question.
- **Once the application has been submitted ranked order of preferences cannot be altered.**

**SECTION C (ii) – Part-Time/Flexible Training**

- Candidates are requested to indicate if they wish to undertake Basic Specialist Training, or part thereof, on a part-time/flexible basis. If the applicant is shortlisted for interview, further details of where and how part-time/flexible can be facilitated will be available. Interested candidates can refer to the flexible (part-time) training guidelines detailed in the Regulations for Basic and Higher Specialist Training document available on the College website.
